Integra Petrochemicals Europe AG, based in Zug, is looking for a

Chartering Manager

As a Chartering Manager you will work as part of a multicultural global team of chartering and operations professionals covering integra petrochemicals global marine demand working closely with the trading teams.

Job Profile – Your Tasks:

- Chartering of Chemical and Gas ships with a primary focus on Europe & Americas.
- Negotiation and execution of both Gas and Chemical Spot Charter, Time Charters and CoAs.
- Collaborate on a daily basis within the global Chartering team for cross-regional cargoes, and exchange global market information regularly along with close cooperation with the relevant traders with the aim of developing trading opportunities.
- Work together with the team to review laytime calculations and be responsible for the company's demurrage exposure within the region.
- Work closely with Operations to support and assist the team with vessel related issues.
- Anticipate the forward dynamics of the shipping freights and flows and work with the trading team using your expertise to improve the company's financial performance
- Maintain updated reporting and recording of fixtures in the company's internal ERM system and produce regular relevant reports based on historical and forward data as required.
- Be on top of and aware of relevant global and regional regulatory developments regarding decarbonization and sustainability as well as having an on-going up to date knowledge of potential hot spots and war risk areas.
- Reporting line to Global Head of Chartering based in Singapore, with administrative reporting to the Global Head of Trading based in Zug.

Requirements:

- A hard working, level headed, team player, who likes to work in a dynamic and ever-changing market environment, learning and growing with both external and internal support.
- Minimum 5 - 10 years of Chartering experience within Chemicals or Gases preferably within the European or Americas markets.

- A solid understanding and a past Operations position is preferred, but the Candidate must currently be employed in a Chartering capacity.
- A good understanding of charter party terms, as well as the insurances covering both charterers and owners.
- Excellent all round communication skills (internally with Traders, Operators, Finance as well as external parties such as Ship Owners and Brokers on a daily basis).
- Flexibility and creativity in thinking and an understanding of producing win-win relationships.
- Self-driven individual with the ability to work independently and under pressure and who thrives in achieving results in a fast-paced environment.
- Fluent in English (spoken and written – company language is English), knowledge of other languages is an advantage.
- Willingness to travel to support colleagues in other regions and attend meetings and conferences when required.

If you are interested in the job and would like to work in an international trading environment, please apply via email to careers@integra-global.com.

Only short-listed candidates will be notified.
